OIA IRO-379

Name: [REDACTED]

Email: [REDACTED]@gmail.com

Kia ora [REDACTED],

Official information request regarding Wellington Water's response to OIA IRO-344.

Thank you for your official information request dated Thursday 28 February 2023. You requested the following:

1. Provide a complete log of the roles (including dates and times) of each person who handled my request from the time it was received from Wellington City Council to the time a response was emailed to me
2. Advise the roles of every person, including any person outside Wellington Water, who had to be consulted, with the reasons in each case why consultation was necessary
3. Advise the roles of each person, including any person outside Wellington Water, who had to give final approval
4. Advise the date which Wellington Water became aware it was not going to meet its statutory obligations
5. Provide copies of all communications and records, in whatever form, that Wellington Water has relating to my request above. Note this includes all internal and external communications and records.
6. Provide copies of all communications and records, in whatever form, that Wellington Water has relating to the actual work done on the corner of Wade Street and Roscoe Terrace from the time the job was initiated by Wellington Water to the time it was closed by Wellington Water. Note this includes all internal and external communications and records.
7. Provide the information Wellington Water based each of its decisions to close the work when it was on notice it was not complete, and also noting WCC has already advised me the dates Wellington Water closed the job.
8. Provide the justification Wellington Water had to advise of the two-week commitment it gave to me to have the work completed

The Local Government Official Information and Meetings Act 1987 (the Act) requires that we advise you of our decision on your request no later than 20 working days after the day we received it. Unfortunately, we cannot meet the timeframe and must therefore extend the time to make our decision to Friday 14 April 2023.

For the latest news and updates, follow us on our social channels:

 /wellingtonwater  @wgtwaternz & @wgtwateroutage  @wellington_water

www.wellingtonwater.co.nz

Our water, our future.

Pursuant to [Section 14\(1\)\(b\)](#) of the Act, this extension is necessary as consultations to decide on your request are such that a proper response cannot reasonably be made within the original time limit.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Kia ora [REDACTED],

Official information request regarding Wellington Water's response to OIA IRO-344.

Thank you for your official information request dated Tuesday 28 February 2023. You requested the following:

1. Provide a complete log of the roles (including dates and times) of each person who handled my request from the time it was received from Wellington City Council to the time a response was emailed to me
2. Advise the roles of every person, including any person outside Wellington Water, who had to be consulted, with the reasons in each case why consultation was necessary
3. Advise the roles of each person, including any person outside Wellington Water, who had to give final approval
4. Advise the date which Wellington Water became aware it was not going to meet its statutory obligations
5. Provide copies of all communications and records, in whatever form, that Wellington Water has relating to my request above. Note this includes all internal and external communications and records.
6. Provide copies of all communications and records, in whatever form, that Wellington Water has relating to the actual work done on the corner of Wade Street and Roscoe Terrace from the time the job was initiated by Wellington Water to the time it was closed by Wellington Water. Note this includes all internal and external communications and records.
7. Provide the information Wellington Water based each of its decisions to close the work when it was on notice it was not complete, and also noting WCC has already advised me the dates Wellington Water closed the job.
8. Provide the justification Wellington Water had to advise of the two-week commitment it gave to me to have the work completed

We have considered your request in accordance with the Local Government Official Information and Meetings Act 1987 (the Act) and determined that we are able to provide part of the information you have requested.

Please see in our email to you, correspondence we hold with regards to our response to OIA IRO-344 and additionally, all held correspondence on the work undertaken on Roscoe Terrace.

For the latest news and updates, follow us on our social channels:

 /wellingtonwater  @wgtwaternz & @wgtwateroutage  @wellington_water

Some of the information within the provided correspondence has been redacted in accordance with [Section 7\(2\)\(a\)](#) of the Act as it is private information about private individuals. In addition to withholding information under the above Section, some information on 'OIA IRO-379-Page 1' (**Email sent 21.12.2022 at 2.31:47 p.m.**) has been redacted in accordance [Section 7\(2\)\(f\)\(i\)](#) of the Act.

Please note that in OIA IRO-379 Page 4 (**Email sent 2.02.2023 at 5.15p.m.**) reference is made to OIA IRO-339, which was a mistake. OIA IRO-344 is what is being referred to.

We have decided not to grant parts of your request:

- **(Q1)** Pursuant to [Section 17\(e\)](#) of the Act, we will not provide a complete log of the roles (including dates and times) of each person who handled your request from the time it was received from Wellington City Council to the time a response was emailed to you. This is because it would require us to create the information as it does not exist. All roles, dates and times can be viewed within the correspondence provided.
- **(Q2)** Pursuant to [Section 17\(e\)](#) of the Act, we will not advise the roles of every person, including any person outside Wellington Water, who had to be consulted, with the reasons in each case why consultation was necessary. This is because advising on who was involved would require us to create the information, which does not exist. All roles, dates and times can be viewed within the correspondence provided.
- **(Q3)** The Act does not require that an agency create information and therefore advising the roles of each person, including any person outside Wellington Water, who had to give final approval would be creating information that does not exist, which can be declined pursuant to [Section 17\(e\)](#). However, for purposes of clarity final sign off came from the Group Manager of the Customer Operations Group.
- In OIA IRO-379 Pages 4, 5, 6, 8 & 10 some information has been withheld under [Section 7\(2\)\(a\)](#) of the Act as it refers to a separate request for information, not at all related, being signed off at the same time as OIA IRO-344.
- 'In OIA IRO-379 Page 2' (**Email sent 9.02.2023 at 6.28p.m.**), the breakdown of costs has been withheld under [Section 7\(2\)\(b\)\(ii\)](#) of the Act.
- **(Q8)** Despite extensive search of our records and call logs, we cannot provide justification as to the reasoning of their commitment for repairs to be completed within two weeks and therefore decline in accordance with [Section 17\(e\)](#).

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Hi [REDACTED]

We are confused by the request below.
The initial issue was in regards to damage to car tyres because of the valve not sitting correctly before reinstatement which has you confirmed was completed on 16th December 2022
Is it compensation the complainant is after?

What work was completed may be supplied if agreed through the resolution process, however the cost of the work completed is confidential between the client (WWL) and council, not for the complainant to know.

In regards to charge back, how do we charge ourselves as it is WWL regardless of what contractor is doing the work that takes responsibility for the whole job.

Hi [REDACTED]

It is land access.

[@landaccess](mailto:landaccess) We have an OIA request regarding a reinstatement at 35 Wade Street, Wadestown.

I believe the issue is relating to the temp reinstatement on WO# 230516.

The two questions we are responding to are:

- The total cost of this work
- The costs that were charged back to the contactor for not having done it correct in the first instance

Kind Regards,

Hi,

Yes we should as our permanent reinstatements are completed through the reinstatement team. So this should go to Land Access.

I must advise I have engaged with this customer over this reinstatement issue and it was repaired on 16 December 2022.

To cut a long story short, the customer advised the temporary reinstatement was a hazard. We checked and confirmed it was not. The permanent reinstatement has been completed.

Thanks,

█

Subject: Re: [#SR-469940] Wade St & Roscoe Tce intersection

Kia ora ████████,

Thanks for following up. I have been waiting to speak with ██████ regarding the call. She is a part time worker and returns to work today.

I have however listened to the call recording and can understand how it created confusion. Our Customer Service Reps do not use email and they don't have access to a particular person that they can send an email to. They can log a service request into our ticketing system which creates a service request in Wellington Water's system and sends you an email with the ticket information. Our CSR could have done a better job of explaining that to you rather than leave you with the impression that you would be copied in to an email to a particular person. We apologise for this and I have followed up with ██████ team leader for further training and support to be provided.

The ticketing system we use was put in at the end of 2020. It provides a much better level of communication for customers than our previous system but it is not perfect. Improvements to it are ongoing. We will

make sure your feedback is included in the planning of that work. In the meantime we are manually monitoring replies to closed tickets.

Kia ora [REDACTED]

Thanks for following up with us.

This ticket was closed by Wellington Water as completed on November 16. It is usual practice for Wellington Water to close the ticket once the pipe has been repaired not once the road has been reinstated or returned to its original state. This causes huge amounts of confusion and frustration for customers and we have asked them to change this practice and provide correct information to customers. Wellington Water have declined this request. I don't have access to information about the work, processes or decisions taken by Wellington Water but I can ask on your behalf.

Wellington Water were informed at 8.36am on Nov 17 that you had fed back that the issue was not resolved.

Replies to closed tickets are received by our system, so will generate a read receipt, they are however only infrequently monitored or read.

Could you please let me know when you spoke to [REDACTED] I can't see where she has added notes or emailed on either ticket but I can ask her Team Leader to investigate further. A time frame would be helpful for us to trace the call recording. We do not have individual people to be able to escalate matters at Wellington Water to. We have

Was it someone in our Contact Centre team who advised it would be fixed before the end of November or someone from Wellington Water? Also happy to follow this up with our team or for Wellington Water to include in their response.

Nga mihi

Good morning [REDACTED]

Thanks for the update on this one, much appreciated.

Apologies re: the wording on my previous email, that could have been clearer.

I was really wondering how things were progressing with WWL as the due date was today.

I sent him out what we hold this morning which was a copy of the transcript relating to his call to our Contact Centre.

The remaining questions are in respect of information we don't hold.

He's just come back to me to ask if he'll be receiving a response from WWL today.

Do you think this will be signed out by yourselves today?

A copy of your response would be great and I'll add it to our file here and close it.

Regards,

[REDACTED]

Kia ora [REDACTED]

Thanks for your email.

We do have a response for this, but I am awaiting confirmation from officers.

However, I was of the understanding that this was partially transferred to WWL to respond to? We had sent an acknowledgement to the requester of this also.

Happy to send through WWL's response once it is sent off?

Thanks,

Kia ora [REDACTED]

Thanks for following up. I have been waiting to speak with [REDACTED] regarding the call. She is a part time worker and returns to work today.

I have however listened to the call recording and can understand how it created confusion. Our Customer Service Reps do not use email and they don't have access to a particular person that they can send an email to. They can log a service request into our ticketing system which creates a service request in Wellington Water's system and sends you an email with the ticket information. Our CSR could have done a better job of explaining that to you rather than leave you with the impression that you would be copied in to an email to a particular person. We apologise for this and I have followed up with [REDACTED] team leader for further training and support to be provided.

The ticketing system we use was put in at the end of 2020. It provides a much better level of communication for customers than our previous system but it is not perfect. Improvements to it are ongoing. We will make sure your feedback is included in the planning of that work. In the meantime we are manually monitoring replies to closed tickets.

Nga mihi

Kia ora [REDACTED]

Thanks for following up with us.

This ticket was closed by Wellington Water as completed on November 16. It is usual practice for Wellington Water to close the ticket once the pipe has been repaired not once the road has been reinstated or returned

to its original state. This causes huge amounts of confusion and frustration for customers and we have asked them to change this practice and provide correct information to customers. Wellington Water have declined this request. I don't have access to information about the work, processes or decisions taken by Wellington Water but I can ask on your behalf.

Wellington Water were informed at 8.36am on Nov 17 that you had fed back that the issue was not resolved.

Replies to closed tickets are received by our system, so will generate a read receipt, they are however only infrequently monitored or read.

Could you please let me know when you spoke to [REDACTED] I can't see where she has added notes or emailed on either ticket but I can ask her Team Leader to investigate further. A time frame would be helpful for us to trace the call recording. We do not have individual people to be able to escalate matters at Wellington Water to. We have

Was it someone in our Contact Centre team who advised it would be fixed before the end of November or someone from Wellington Water? Also happy to follow this up with our team or for Wellington Water to include in their response.

Nga mihi

Hi - small addition to letter. Have WCC been alerted to this question and response? I am presuming we did charge back on the contractor. I see no reason why we would not confirm that we have recovered some costs (the amount we cannot release because of commercial sensitivity issues) from the contractor. I think it is important that the fact that we have is explicitly stated minus the amount. cheers [REDACTED]

A sign for Water Restriction Level 2. The sign has a white background with a blue border. On the left, it says 'Limit residential outdoor water use. Handheld hoses only.' in blue and orange text. Below that, it says 'Sprinkler and irrigation systems not permitted.' in orange text. On the right, there are two circular icons: a blue one showing a handheld hose with a checkmark, and a red one showing a sprinkler with an 'X' over it. At the bottom, there is a blue banner with the text 'Water Restriction Level' and a large blue '2' inside a water drop icon, followed by the Wellington Water logo.

Wellington Water is owned by the Hutt, Porirua, Upper Hutt and Wellington city councils, South Wairarapa District Council and Greater Wellington Regional Council. We manage their drinking water, wastewater and stormwater services.

Subject: Acknowledgment of Receipt - OIA IRO-344

Kia ora [REDACTED]

Official information request regarding costs of works at Wade Street and Roscoe Terrace Intersection [#SR-469940].

Thank you for your official information request dated Tuesday 20 December 2022.

On Wednesday 21 December 2022, Wellington City Council partially transferred your request to us and we will be answering the following questions:

- The total cost of this work
- The costs that were charged back to the contactor for not having done it correct in the first instance

We will endeavour to respond to your request as soon as possible and in any event no later than Wednesday 8 February 2023 being 20 working days after your request was transferred. If we are unable to respond to your request by the set date, we will notify you of an extension of that timeframe.

The response date shown takes into account:

1. Summer holidays (20 December to 10 January)
2. Christmas (25 December 2022)
3. New Year's Day (1 January 2023)
4. Waitangi Day (6 February 2023)

If any additional factors come to light which are relevant to your request, please do not hesitate to contact us so these can be taken into account.

Limit residential outdoor water use. Handheld hoses only.
Sprinkler and irrigation systems not permitted.

The banner features two circular icons: a blue one with a handheld hose and a checkmark, and a red one with a sprinkler and a red 'X' over it. At the bottom, it says 'Water Restriction Level 2' with a large '2' in a blue water drop icon, and the Wellington Water logo.

Wellington Water is owned by the Hutt, Porirua, Upper Hutt and Wellington city councils, South Wairarapa District Council and Greater Wellington Regional Council. We manage their drinking water, wastewater and stormwater services.

Good morning [REDACTED]

Thanks for the update on this one, much appreciated.

Apologies re: the wording on my previous email, that could have been clearer.

I was really wondering how things were progressing with WWL as the due date was today.

I sent him out what we hold this morning which was a copy of the transcript relating to his call to our Contact Centre.

The remaining questions are in respect of information we don't hold.

He's just come back to me to ask if he'll be receiving a response from WWL today.

Do you think this will be signed out by yourselves today?

A copy of your response would be great and I'll add it to our file here and close it.

Regards,

[REDACTED]

Kia ora [REDACTED]

Thanks for your email.

We do have a response for this, but I am awaiting confirmation from officers.

However, I was of the understanding that this was partially transferred to WWL to respond to? We had sent an acknowledgement to the requester of this also.

Happy to send through WWL's response once it is sent off?

Thanks,

█

Good morning team,

We have received this complaint/request for information in respect of Wade St and Roscoe Terrace.

Given WCC doesn't hold the information in respect of the first two points, I am transferring this to yourselves to follow up on.

Could you please confirm receipt and that this is being progressed?

Happy to discuss further.

Kind regards,

Kia ora [REDACTED]

Thanks for following up. I have been waiting to speak with [REDACTED] regarding the call. She is a part time worker and returns to work today.

I have however listened to the call recording and can understand how it created confusion. Our Customer Service Reps do not use email and they don't have access to a particular person that they can send an email to. They can log a service request into our ticketing system which creates a service request in Wellington Water's system and sends you an email with the ticket information. Our CSR could have done a better job of explaining that to you rather than leave you with the impression that you would be copied in to an email to a particular person. We apologise for this and I have followed up with [REDACTED] team leader for further training and support to be provided.

The ticketing system we use was put in at the end of 2020. It provides a much better level of communication for customers than our previous system but it is not perfect. Improvements to it are ongoing. We will make sure your feedback is included in the planning of that work. In the meantime we are manually monitoring replies to closed tickets.

Kia ora [REDACTED]

Thanks for following up with us.

This ticket was closed by Wellington Water as completed on November 16. It is usual practice for Wellington Water to close the ticket once the pipe has been repaired not once the road has been reinstated or returned to its original state. This causes huge amounts of confusion and frustration for customers and we have asked them to change this practice and provide correct information to customers. Wellington Water have declined this request. I don't have access to information about the work, processes or decisions taken by Wellington Water but I can ask on your behalf.

Wellington Water were informed at 8.36am on Nov 17 that you had fed back that the issue was not resolved.

Replies to closed tickets are received by our system, so will generate a read receipt, they are however only infrequently monitored or read.

Could you please let me know when you spoke to [REDACTED] I can't see where she has added notes or emailed on either ticket but I can ask her Team Leader to investigate further. A time frame would be helpful for us to trace the call recording. We do not have individual people to be able to escalate matters at Wellington Water to. We have

Was it someone in our Contact Centre team who advised it would be fixed before the end of November or someone from Wellington Water? Also happy to follow this up with our team or for Wellington Water to include in their response.

Hi [REDACTED]

Thank you for your email.

After repairing a fault, our standard process is to place a temporary seal down with a permanent reinstatement to follow. These are always separate jobs. Permanent reinstatements can take several weeks to organise and execute. WCCSR-457149R was raised on 10 October 2022. It was assigned to our contractor in early November.

Service request WCCSR-469940 was raised to our attention on 11 October 2022.

Kia ora [REDACTED]

Wellington City Council has advised us that you wish to be updated on the status of two jobs.

35 Wade Street, Wadestown - WCCSR-457149R

After fixing the water leak, we raised a job to have a permanent reinstatement done on the above service request. This job is in the process of being scheduled.

20 Roscoe Terrace, Wadestown - WCCSR-469940

We investigated the issue of a potential danger to road users. We identified the toby box is level with the road and has yet to be permanently reinstated.

If you have any further questions or concerns, please feel free to contact us.

Hi there. Recently Downer resurfaced parts of Wade Street. The flange on a water valve box has failed and it is almost certainly going to cause damage to a vehicle's tyres, as it is difficult to avoid that area when one vehicle is turning left into Roscoe Tce and another is turning right into Wade St.
Can you confirm WCC has arranged for the area to be isolated until there is a permanent repair?
Thanks

Kia Ora Koutou

Our team replaced the valve block on 07/10/2022. Just waiting for permanent reinstatement.

Nga mihi

Kia ora Team,

The customer has contacted us under SR-469940 as that ticket had been resolved, despite speaking to someone yesterday morning. Can someone please advise what action's been taken?

Nga mihi

Morning [REDACTED]

I was wondering if you could please advise when WO# 236190 will be completed?

I have a customer wanting to know when the final reinstatement will be done.

Kind Regards,

[REDACTED] – Customer Resolution Officer

Kia ora team!

The customer for this job has emailed through asking for an ETA on reinstatement. I realise an exact date may not be possible, but if you have a rough estimate and could send him a message that would be much appreciated.

Ngā mihi,
[REDACTED]
